

Washington University in St. Louis Research Overview for MBAs and EMBA's

The following resources are a good starting point for project work; if you need more help, check out the [Kopolow Business Library](#) web site or contact Ron Allen (allenron@wustl.edu; 314-935-6739) or Madjid Zeggane (zeggane@wustl.edu; 314-935-4914)

Topic	Source	Location/Access Restrictions	Notes/Hints
Company Profiles	Thomson One Full-text SEC filings, U.S. and international company annual reports, and downloadable financial statements for U.S. and international companies.	Remote access available to all business students (proxy server)	
	MarketLine (formerly Datamonitor 360) MarketLine profiles of 10,000 companies in 50 countries in the industries of Automotive & Logistics, Consumer Markets, Energy & Utilities, Financial Services, Healthcare and Technology sectors.	Remote access available to all business students (proxy server)	To enter the site, click on "if you already have an account, log in" . This is located in the top right corner.
	Hoover's Online Business Network Contains in-depth company information including profiles, financials, Officers, products, competitors and much more.	Remote access available to all business students (proxy server)	
Quantitative Data	Bloomberg Provides quotes and technical analysis of U.S. and international securities, plus company, industry, and market news.	Single designated Workstation in library (Simon Hall)	Note: Bloomberg does not allow downloading with academic accounts. It is possible to copy and paste individual screens into Excel using CTRL-C and CTRL-V.
	SDC Platinum Offers data on new issues, joint ventures, and mergers & acquisitions worldwide.	All workstations in library (Simon Hall)	Elements of SDC Platinum and Datastream are now available via Thomson One website. Elements of the interface are still changing, but it's worth exploring, especially for Deals content.
	Datastream is a time series data retrieval service. It provides stock price histories from 60 exchanges worldwide. It also provides historical U.S. and international stock index data, exchange rates, commodity data, and economic reports.	All workstations in library (Simon Hall) but limited to 2 simultaneous users during daytime (unlimited nights and weekends)	
News/Articles	Factiva Provides access to the full text of thousands of popular business and general publications. Has full text of all Dow Jones publications including <i>The Wall Street Journal</i> .	Remote access available to all business students (proxy server)	Click on news pages tab for today's full text content from key newspapers including <i>Wall Street Journal</i> , <i>New York Times</i> , <i>Washington Post</i> , <i>Chicago Tribune</i> , <i>Los Angeles Times</i> , plus <i>Newsweek</i> , <i>Business Week</i> , <i>Barron</i> , <i>Forbes</i> and <i>Fortune</i>
	Business Source Complete World's largest full text business database,	Remote access available to all business students (proxy server)	Includes <i>Harvard Business Review</i>
